Bankout

Features & Specifications

We are the oldest existing manufacturer of Side by Side Harvesters in the United States. We have used a lifetime of farming and harvesting knowledge to develop the fastest and most reliable harvesters on the market.

Our machines are very versatile and can harvest many types of trees even in the toughest conditions.

The Weldcraft Bankout is offered in a rear engine configuration with the option of the next generation of air cabs - including some creature comforts such as air conditioner, Bluetooth stereo and a USB port, as well as. A side engine configuration with a standard open cab. The side engine model can double as a Bin Carrier. Our rear engine model is strictly for Bankout use.
